SHAPESHIFTERS are people with animal medicine, people who can connect with and use their animal powers. Those with access to this magical power can shift mentally, astrally, or even physically into their power animal or totem. Rosalyn Greene's ability to shift, both mentally and astrally, combined with her extensive study of the secret shapeshifting folklore, has resulted in this fascinating examination of all aspects and forms of shifting. This unique book helps you realize your potential for being a shapeshifter, giving detailed explanations about how the various forms of shifting occur. She shows you how to distinguish powerful visions, anxiety attacks, and imagination from real shifting, as well as how to recognize the warning signs of an imminent shift. Since there can be dangers and risks on both the mundane and psychic levels when you pursue the path of a shifter, many of the potential dangers associated with specific practices are carefully outlined. Shapeshifting is a spiritual journey, a very tough one, but very rewarding, linking us with both the fundamental power of animals and with the higher self. It has a purpose and reality far beyond simply using shifter abilities for earthly benefits; it can lead us through the unseen veil that separates us from our Selves.
